Subject: Withdrawal

Most regrettably, I must ask that my name be withdrawn from the list of experts of the International Commission for the Evaluation of the Crimes of the Nazi and Soviet Occupation Regimes in Lithuania.

It has been my hope that by now, Drs. Arad and Gilbert would have grounds to resume their participation. They apparently still do not, and I must stand with them.

I do hope that this there will, someday, be grounds. At that point (assuming the matter *vis a vis* the Claims Conference has been resolved), it would be a privilege to re-join your efforts. For the Commission has indeed done much good, and I value highly many of its members.

Thank you
