Subject: Personal urgent appeal!!

To: ACG <acgrpc@gmail.com>

Dear Friend and Associate,

It is with a heavy heart that I approach you on a matter of great urgency.

For the past 20 years I have been involved on a daily basis with the great task of preserving and safeguarding Jewish cemeteries and mass graves all over Europe.

During these years, I have faced the most extreme cases and difficult challenges in all aspects, whether it was actively halting cemetery desecration during digging or construction, or visiting sites to rebury bones, or if it was a case of determining boundaries, lobbying at National and local Government authorities, attending meetings and discussions, fighting legal battles, all this was an accumulation of hard work by a very dedicated and devoted team headed by the renowned Grand Rabbi Elyakim Schlesinger.

Over the past 20 years we never ever said NO, we were ***always*** available at an instance, and our team was in the past and remain constantly available to assist in every possible way, to liaise and co-operate with all authorities and organisations all over Europe.

Personally I travelled all over Europe in often difficult situations, whether it was in the freezing winter months in Eastern Europe and also working on reburying bones in extreme 40c heat in the middle of Summer in Spain, I have many times sacrificed holiday in cases of emergency, I have missed family weddings and events, all because of our holy task of saving the cemeteries.

Our devotion and sincerity have earned us our famous reputation all over.

Now we have come to an unfortunate state of emergency, where the costs of maintaining our day to day activities have overtaken us and are threatening to bring our activities to a stop.

We are therefore launching an emergency fundraising campaign to raise much needed funds to enable our work to continue. **We have 39 crucial hours to raise the sum of £250,00 in order to be able to continue!**

It is now that I personally approach you to come and help me, I have set a goal of raising at least £3600 in the next 36 hours, so that our organisation can together reach its target.

Dear Friend,

I have never said the word NO, now on behalf of our ancestors, please do not say NO to us, please help us in the time of crisis and support our one off emergency campaign.

Your generosity and kindness will be greatly appreciated and we all know what our sages have taught us that those buried remain indebted to all those who ensure their everlasting resting place.

Thanking you in anticipation

Sincerely yours

Rabbi Abraham Ginsberg
