Hi Dovid,

Disbursement information about USG public diplomacy grants is not public. However, regarding the public part of the program more generally, there will be a session for guests at the beginning of the seminar, which you will be welcome to attend. Closer to the date we will send out invitations to that portion of the seminar, so look forward to seeing you there!

I hope you enjoyed the gorgeous weekend,

Warm regards,

Anne

Hi Anne,

Perhaps Mr Berger was delayed out of town, no worries; is there any chance someone in the embassy could simply email me the information on the Holocaust Education grant's disbursement here in Lithuania, or maybe just provide the links to where the details are to be found on the web?

Thanks so much, and a grand weekend ahead!

Best

Dovid

Hi Dovid,

Jon Berger is spearheading the project. He is out of town right now, but I'll be sure he gets back in touch with you this week when he returns.

Hope you are enjoying this gorgeous weather,

Best,

Anne

Subject: Greetings and request

Hi All, and (as we'd in Yiddish on Sat night): A good week!

Turning to the Holocaust education grant, I'd be grateful to receive information on what decisions were in the end made, what events are taking place, which institutions and educators here are involved, where on the web these things are announced etc. There are rumors of a conference in December here etc and it would be a great help for non-confidential information about disbursement of the grant to be 'out there' so the discussions can continue in an atmosphere of information provided rather than rumors and counter-rumors which are alas inevitable in the highly politicized atmosphere here. Thanks so much in anticipation!

Hope to see you all soon.

Warm regards
Dovid
