

# A Lifetime Achievement Award

Presented to

## PROFESSOR DOVID KATZ

In recognition of his selfless commitment to human rights, to the historic truth of the Holocaust, and to the scholarship, survival and progress of the Yiddish language.

Dovid's solo quest to find and record the last Lithuanian Holocaust survivors has ensured that these unsung heroes will never be forgotten. His fearless defence of Holocaust survivors singled out for oppression by the Lithuanian state has been unwavering despite intimidation and great personal sacrifice. Dovid's web journal DefendingHistory.com stands as the pre-eminent record of historic truth in the face of well funded state efforts to rewrite this history.

B'nai B'rith is an International Jewish Human Rights organisation. Our members in Australia and New Zealand hereby salute Dovid Katz for his brave work and it is with grateful thanks that we recognise his international contribution to truth telling via this citation.
